

Nemak receives top rating from CDP; recognized as global leader in managing climate change

- **Nemak received an “A” rating for its actions with suppliers to address climate change.**
- **With this rating, it is now part of a select group of companies recognized by the CDP as leaders in such efforts.**
- **Only 8% of the companies that report to the CDP receive this recognition.**

Monterrey, Mexico, February 10, 2022 - Nemak, S.A.B. de C.V. (“Nemak,” or the “Company”) (BMV: NEMAK), a leading provider of innovative lightweighting solutions for the global automotive industry, announced today that it has received the CDP’s top Supplier Engagement Rating of “A” for its steps to actively engage with its suppliers to manage climate change.

With this rating, Nemak has joined the CDP’s Supplier Engagement Leaderboard, which includes companies that are pioneers in driving the transformation of their businesses towards a zero-emissions future. Only 8% of the companies that report to the CDP belong to this group.

“This recognition is a reflection of our continued commitment at Nemak to contribute to making a more sustainable automotive industry a reality, not only through our products, but also through an ongoing, meaningful reduction in the carbon footprint of our operations and those of our suppliers,” said Armando Tamez, CEO of Nemak.

In addition to this rating, Nemak received a score of “B” in the CDP’s overall climate change evaluation, which places it above the North American regional average as well as the average for the Company’s sector.

These ratings reflect Nemak’s commitment to reduce its Scope 1 and 2 emissions by 28% by 2030, and to become carbon neutral by the year 2050.

About Nemak

Nemak is a leading provider of innovative lightweighting solutions for the global automotive industry, specializing in the development and manufacturing of aluminum components for powertrain, e-mobility, and structural applications. In 2020, Nemak generated revenues of US\$3.2 billion. <https://www.nemak.com/>
